

## THERMTROL EXPANDS SALES REPRESENTATION

North Canton, OH, April 9, 2015– Thermtrol Corporation, an international world-class manufacturer of wire harnesses and thermal controls, has added two additional manufactures representative firms to their existing reps and internal sales force. Thermtrol now has representation from The Hofstetter Company who is supporting Thermtrol with technical expertise for customers in Western Pennsylvania, Ohio, Indiana, Kentucky and West Virginia. SouthBridge Corporation has also been recently added by Thermtrol for comprehensive support in the South East Region - including Tennessee, Mississippi, Alabama, Georgia, Florida and the Carolinas.

“The continued Company growth of Thermtrol has prompted the need for more localized support,” explains Jim Kuch, Vice President of Sales and Marketing. “The decision to further add to the sales team is an important aspect of ensuring Thermtrol remains the benchmark supplier of choice for both existing and future customers”.
